

# Meet the Cast...

## FINley

This roguish fellow is handsome in his gray and white suit. His not-so-scary jaws and fins complete the ensemble. His goal is to help an injured child to "attack" the blues!

## DENNY

This dinosaur is attractive in his "timeless" style including a back full of scales to tempt the child in all of us! He is attired in colors galore and promises "eons" of fun and excitement!

## BAArbra

This sweet darling is looking for a friend. We hope you'll fall in love with her "sheepish" grin and "wooly" good looks. She's as gentle as a lamb!

## HAREiette

This pretty lil' rabbit is soft and cozy and promises hours of fun and adventure. She sports a white cotton-ball tail and floppy ears. She'll be perfect for any little "cuddle-bunny" that needs cheering up!

## Features

**H**elps prevent your child from getting dirt/debris inside their cast.

**T**he friendly nature of the cast cover enhances the casting experience for your child by giving them an enjoyable toy for entertainment during this stressful and painful time.

**Y**our child will be drawn to the bright colors and charismatic features of the cast cover.

**E**ach cast cover character has crinkle fabric sewn into strategic places for an added auditory treat!

**R**esearch shows that children with broken arms/wrists should continue to manipulate their muscles in the injured limb to maintain muscle tone. The puppet-like style of these adorable cast covers will encourage your child to open and close their hands.

**E**ach cast cover meets or exceeds all toy safety regulations.
